

Arvin Home Systems

BE AWARE!

There is an alarming trend (*pardon the pun*) happening in your area. Other alarm companies are using scare tactics and on-the-spot pressure to get already monitored alarm customers to switch to their system. Their sales techniques are suspect and skirting ethical practices if not outright unethical. Your alarm system is your own! We have never forced you into a lengthy contract or even forced you to get monitoring service. Beware of 5 year (60 month) contracts and strong-arm tactics!

We've been in business for over 30 years.

Please be careful of other alarm companies scare tactics:

Don't fall for a cheaper than cheap monitoring contract.

If it sounds too good to be true, it probably is!

Watch out for:

- An initial low price that jumps up after a few months.

Most of their contracts are only good for a short period, at which time the monthly fee jumps back up and you're locked in with a contract!

- No servicing!

Most of these other alarm companies don't service their own alarm systems. Or if they do they charge a hefty fee!

Our alarm monitoring prices haven't changed for 8 years!

And we never bump it up.

All of our monitored customers get free servicing from us -your local alarm company.

We know you, we know your alarm system.

We answer the phones 24 hours a day!

We installed it, we service it, guaranteed!
