

Arvin Home Systems

(continued from front page...)

If you are trying to get rid of your home phone altogether, we have a couple of options for you:

CELLULAR TRANSMITTER This is basically a cell phone for your alarm system. This device is installed next to your alarm panel. Installation is \$200.00 and monthly cellular fees of \$10.00 are added to your monitoring bill each month. Reliability depends primarily upon AT&T's cellular coverage in your area.

NETWORK COMMUNICATOR This is likely to be the wave of the future for alarm system communication. Various providers are becoming available to allow your alarm to communicate directly to the central station through your high-speed internet router. The equipment cost for these devices start at \$150.00 plus installation. Some of these devices have no monthly fee, others will cost between \$5 and \$10 per month, but allow you to control your alarm through your smart phone, laptop or any internet connection. Reliability is dependant on your home internet connection and router.

If you have any questions, please feel free to give us a call at (209) 823-3565

Thank you!

CENTRAL STATION MONITORING

If alarm sounds, enter your code to turn off alarm.
If your system is monitored, please alert the
central station to any false alarms.

Crime Alert Central Station: 1-800-367-1091

Don't forget, you are responsible for maintaining your alarm system.
We are here to repair any problems, but we must
rely on you to let us know when they happen!

We want to make sure that you're getting what you're paying for
-communication between your alarm system and our monitoring company!
